Appendix B

Offense Classifications

Each of the following offense classifications has a corresponding matrix that incorporates the salient factor risk categories. Beneath each risk category is the minimum, guideline, and maximum percent of sentence associated with that category. Beneath each percent category is the number of months to be served based upon the sentence imposed by the court. For a more complete listing of offenses, refer to the Sentencing Advisory Commission's User Guide available at <http://www.mosac.mo.gov/> and at <http://www.doc.mo.gov>
